Published in the «Code of Legal Acts of Azerbaijan Republic» (31 March, 2001, № 3, article 140) («VneshExpertService»).

Approved
by the Law of Azerbaijan Republic
of 20 February, 2001
№ 85-IIG

Lists of narcotic drugs, psychotropic substances and precursors, turnover of which on the territory of Azerbaijan Republic is prohibited, restricted and controlled

List I. Narcotic drugs, psychotropic substances and precursors, turnover of which on the territory of Azerbaijan Republic is prohibited

1. Narcotic drugs, turnover of which on the territory of Azerbaijan Republic is prohibited:
 1. Alilprodine
 2. Alphameprodin
 3. Alphametadol
 4. Alpha-methylfentanyl
 5. Alpha-methylthiofentanyl
 6. Alphaprodine
 7. Alphasethylmetadol
 8. Alfentanyl
 9. Anileridine
 10. Acetorfine
 11. Acetyl-alpha-methylfentanyl
 12. Acetyldihydrocodeine
 13. Acetylmetadol
 14. Benzetidine
 15. Bernzoilmorphine
 16. Benzylmorphine
 17. Betacetylmetadol
 18. Beta-hydroxyfentanyl
 19. Beta-hydroxy-3-methylfentanyl

20. Betameprodine
21. Betametadol
22. Betaprodine
23. Bezitramide
24. Dextromoramide
25. Dextropropoxifen
26. Dezomorphine
27. Diampromyd
28. Diethyltiambuten
29. Diphenoxine
30. Diphenoxylate
31. Dihydrocodeine
32. Dihydromorphine
33. Dimepeptanol
34. Dimethyltiambuten4
35. Dioxafethyl butyrate
36. Dimenoxadol
37. Dipipanon
38. Drotebanol
39. Egonine
40. Ethylmethyliambutene
41. Etonitazen
42. Etorphine
43. Etokseridin
44. Fenadokson
45. Fenampromide
46. Fenazosin
47. Fenomorphane
48. Fenoperidine
49. Folkodin
50. Furetidin
51. Heroin
52. Hydrokodon
53. Hydromorphoneol
54. Hydromorphone
55. Hydromorphone-N-oxide
56. Hydroxypethidine
57. Izometadone
58. Cannabis
59. Ketobemidone
60. Klonitazen
61. Coca leafs
62. Cocaine
63. Codeine-N-oxsid
64. Kodoxyme
65. Levometorphan
66. Levomoramide
67. Levofenasilmorphane
68. Levorfanol
69. Metazosine
70. Methyldezorphine
71. Methyldihydromorphine
72. 3-methylfentanyl
73. 3-methyltiofentanyl

- 74. Metopon
- 75. Mirofin
- 76. Moramid intermediate
- 77. Morferidin
- 78. Morphine metobromid
- 79. Morphine-N-oksid
- 80. MPPP
- 81. Nikokodin
- 82. Nikadicodine
- 83. Nikomorphine
- 84. Norasetimetadol
- 85. Norcodeine
- 86. Norleforfanol
- 87. Normetadon
- 88. Normorphine
- 89. Norpipapon
- 90. Oksikodon
- 91. Oksimorfon
- 92. Para-Fluorofentanyl
- 93 PEPAP
- 94. Pethidine intermediate A
- 95. Pethidine intermediate B
- 96. Pethidine intermediate C
- 97. Piminodine
- 98. Proheptazine
- 99. Properidine
- 100. Propiram
- 101. Rasemetorphane
- 102. Rasemoramid
- 103. Rasemorphane
- 104. Sufentanyl
- 105. Tebaine
- 106. Tebakon
- 107. Tiofentanyl
- 108. Tiryak (opium)
- 109. Tilidin

1.1. Import of narcotic drugs, specified in this list, to the Azerbaijan Republic under other names and also all their salts and compounds is prohibited.

2. Psychotropic substances, turnover of which on the territory of Azerbaijan Republic is prohibited:

- 1. Brolamphetamine DOB
- 2. DMA
- 3. DMQP
- 4. DMT
- 5. DOET
- 6. DET
- 7. Catinon
- 8. (+)-Lizerqid LRD LSD-25
- 9. MDMA
- 10. Meskalin
- 11. 4-methylaminoreks
- 12. MMDA
- 13. N-ethyl MDA
- 14. N-hydroxyl MDA

15. Paragexyl
16. PMA
17. Psilocin, Psilocin
18. Psilocybin
19. Rolisiklidin, FSP
20. STP, DOM
21. TMA
22. Tenamphetamine MDA
23. Tenosiklidin TSP
24. Tetrahydrocannabinol
25. Etisiklidin FSQ
26. Etriptamine
27. Amphetamine
28. Deksametamine
29. Delta-9-tetrahydrocannabinol
30. Levamphetamine
31. Levometamphetamine
32. Meklokvalon
33. Metamphetamine
34. Methylfenidat
35. Rasemat metamphetamine
36. Sekobarbital
37. Fenethyllin
38. Fenmetrazin
39. Fensiklidin FSP
40. Sipeprol
41. Amobarbital
42. Butalbital
43. Catine
44. Ethyl loflazepat
45. Ethylamphetamine
46. Etinamat
47. Etxlorvinol
48. Allobarbital
49. Benzfetamine
50. Brotizolam
51. Butobarbital
52. Vinylbital
53. Haloxazolam
54. Delorazepam
55. Kloxazolam
56. Klorazepat
57. Lefetamin, SPA
58. Lormetazepam
59. Mazindol
60. Mezokarb
61. Methylfenobarbital
62. Metiprilon
63. Nimetazepam
64. Nordazepam
65. Pemolin
66. Pinazepam
67. Pipradrol
68. Pirovaleron

69. Prazepam
70. Sekbutabarbital
71. Fendimetrazin
72. Fenkamfamin
73. Fenproporex
74. Fentermin
75. Amfepramon
76. Metakvalon
77. Siklobarbital
78. Klotiazepam

2.1. Import of psychotropic substances, specified in this list, to the Azerbaijan Republic under other names and also all their salts and compounds is prohibited.

3. Precursors, turnover of which on the territory of Azerbaijan Republic is prohibited:

1. Anthranyl acid
2. Phenylacetic acid
3. 1-phenyl-2 propanone
4. Izosafrol
5. Lysergic acid
6. Methylethylketon
7. 3, 4 methylendioxyphenile 2-propanone
8. N-acetylanthranyl acid
9. Piperidin
10. Piperonal
11. Safrole

3.1. Import of precursors, specified in this list, to the Azerbaijan Republic under other names and also all their salts and compounds is prohibited.

List II. Narcotic drugs, psychotropic substances and precursors, turnover of which on the territory of Azerbaijan Republic is restricted

1. Narcotic drugs, turnover of which on the territory of Azerbaijan Republic is restricted:

1. Buprenorphine
2. Butorphanol (stadol)
3. Ethylmorphine hydrochloride (dionine)
4. Fentanyl
5. Metadon
6. Methylmorphine (codeine) (in composition of other pharmaceutical products of compound composition is not controlled)
7. Methylmorphine phosphate (codeine phosphate)
8. Morphine
9. Morphine hydrochloride
10. Morphine sulphate
11. Pantopon (omnopon)
12. Pentazosin
13. Piritramid (dipidolor)
14. Propanidid (sombrevin)
15. Tramadol (tramal)
16. Trimeperidin (promedol)

1.1. Import of narcotic drugs, specified in this list, to Azerbaijan Republic under other names and also all their salts and compounds is prohibited.

1.2. narcotic drugs, specified in this list may be imported to Azerbaijan Republic only by the governmental authorities.

2.Psychotropic substances, turnover of which on the territory of Azerbaijan Republic is restricted:

1. Alprazolam
 2. Aminoreks
 3. Estazolam
 4. Phenobarbital (in composition of other pharmaceutical products of compound composition is not restricted and controlled)
 5. Ketazolam
 6. Klobazam
 7. Qlyutetimid
 8. Temazepam
 9. Triazolam
- 2.1. Import of psychotropic substances, specified in this list, to Azerbaijan Republic under other names and also all their salts and compounds is prohibited.
- 2.2. Psychotropic substances, specified in this list may be imported to Azerbaijan Republic only by the governmental authorities.
3. Precursors, turnover of which on the territory of Azerbaijan Republic is restricted:
1. Erqometrin (qr)
 2. Erqotamin (qr)
 3. Ethylic ether
 4. Pseudoephedrine
 5. Acetic acid anhydride
- 3.1. Import of precursors, specified in this list, to Azerbaijan Republic under other names and also all their salts and compounds is prohibited.
- 3.2. Precursors, specified in this list may be imported to Azerbaijan Republic only by the governmental authorities.

List III. Psychotropic substances and precursors, turnover of which on the territory of Azerbaijan Republic is controlled

1. Psychotropic substances, turnover of which on the territory of Azerbaijan Republic is controlled:
 1. Barbital
 2. Bromazepam
 3. Diazepam
 4. Fludiazepam
 5. Flunitrazepam
 6. Flurazepam
 7. Chlordiazepoxide
 8. Kamazepam
 9. Ketamine
 10. Klonazepam
 11. Halothane
 12. Halozepam
 13. Lorazepam
 14. Loprazolam
 15. Medazepam
 16. Meprobamat
 17. Mefenorex
 18. Midazolan
 19. Natrium oxybutyrate
 20. Nitrozepam
 21. Oxazepam
 22. Oxazolam
 23. Pentobarbital
 24. Tetrazepam

- 1.1. Import of psychotropic substances, specified in this list, to Azerbaijan Republic without indication of their international names, under any other names is prohibited.
 2. Precursors, turnover of which on the territory of Azerbaijan Republic is controlled:
 1. Acetone
 2. Efedrin (kq) (in composition of other pharmaceutical products of compound composition is not controlled)
 3. Chlorous acid
 4. Kalium permanqanat
 5. Sulphuric acid
 6. Toluol
 - 2.1. Import of precursors, specified in this list, to Azerbaijan Republic under any other names is prohibited.
