

List of Classified Substances Hazardous to Water

This list is downloaded from [Rigoletto data base of "Substances Hazardous to Water"](#)

Status Aug-24

It is based on the **German Ordinance on Facilities Handling Substances that are Hazardous to Water (AwSV)**, which sets the rules to determine water hazard class (WGK) for a substance and mixture using CLP Regulation (EC) No 1272/2008 on the classification, labelling and packaging of substances and mixtures as assessment basis.
